

- 1) Val, about 10 minutes after getting home from work. He's a member of the Ironworkers union.
- 2) Val, about 45 minutes after getting home from work and getting a shower.
- 3) Dominic and Gabriel arm-wrestling (joke, Gabriel is 35 with bulging biceps and Dominic is 78 and merely very smart).
- 4) Fiona, at a local political rally. Her picture just shows her in it, rather than her and her fiancé; she and her fiancé split up in the fall but remain friends.
- 5) Cynthia getting attention from our sweet black dog, who has a resoundingly healthy mix of genes. The light was awful, but I like having Smokey in the pic.

Love, your main squeeze.
